A True Decentralized Finance Ecosystem (Defi)

INTRODUCTION

Traditional financial system (BANKING SYSTEM) has enabled rapid economic expansion and improve life of billions, however it's centralised system cannot meet today's financial needs.

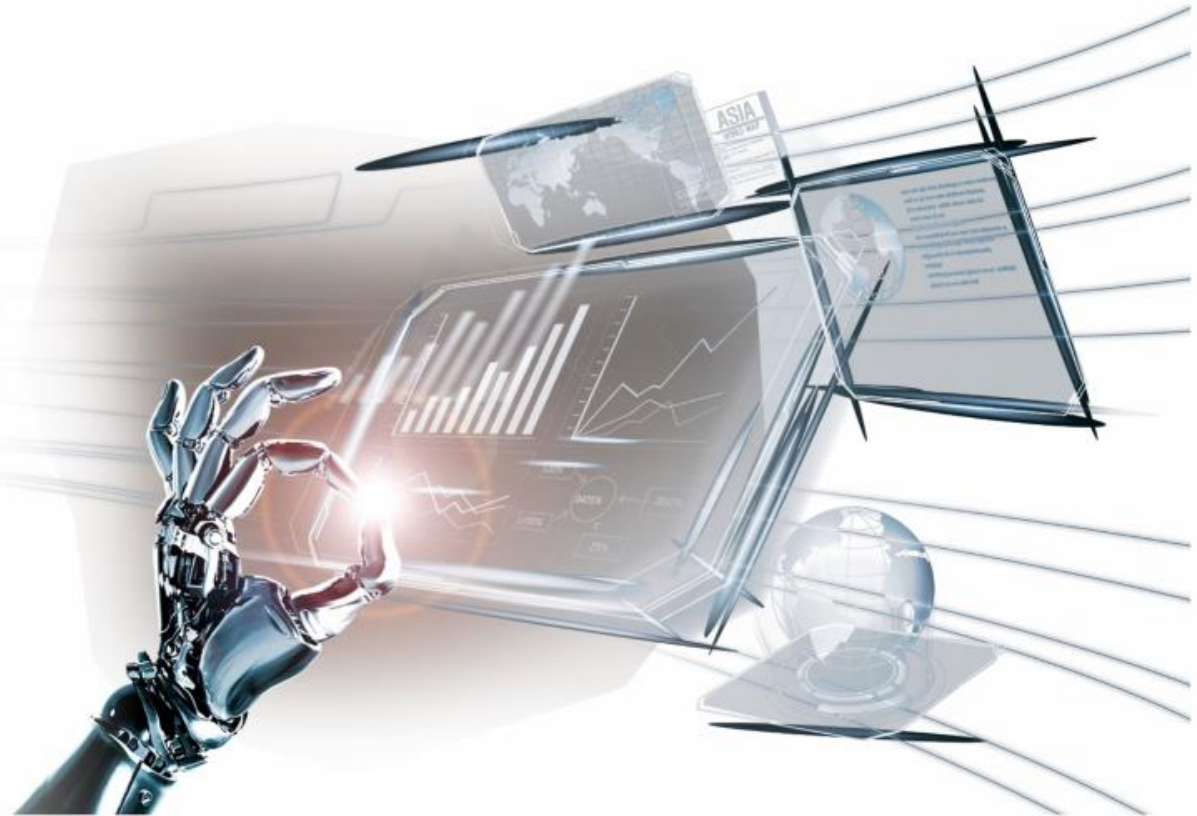

So, We believe that there should be a democratic economic ecosystem aims to be of the people, by the people and for the people. So, the Decentralized Finance (DiFi) come to the picture.

This technology is going to be the game-changer in the days to come. According to a Gartner report, many new innovative companies will use it and at least one business created using this advanced technology would be worth \$10 billion by 2022. By 2030, it could be used as a foundational technology for 30 per cent of the global customer base

WHAT IS FUTURE

As we all know, one of the fundamentals of the coming future is the blockchain its tokens, governance, DAO's, web3 NFT's. and Metaverse.

At this point, it is obvious that the blockchain will become the future of finance, supply chains, digital ID & property, data sharing, IoT systems and even medical record keeping

**SO, WE HAVE LAUNCHED A JOURNEY !
NOT JUST A TOKEN.**

WHAT IS DCOM TOKEN

Digicom's DCOM TOKEN is created in November 2022 with the goal of being a decentralized project with true purpose.

DCOM's mission is to bring popular crypto currency concepts to the mainstream.

Unlike older, comparable projects, DCOM introduces holders to next-gen concepts such as participation rewards, NFTs, decentralized exchanges, and more.

DCOM token is now being bridged on BINANCE SMART CHAIN that fosters and promotes healthy and widespread usage and decentralisation of the project through a specific reward linked to users' transactions involving decentralized wallets.
